

## Performing the NFHS Finals Cut and Reorder

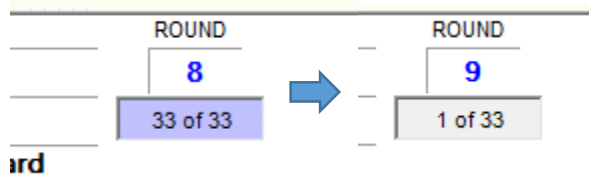

Last Updated: 2015-02-06

Software Version: 3.0.32.0

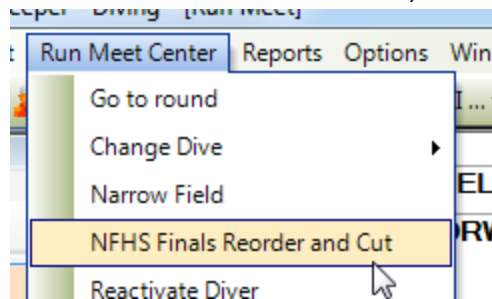

Note: The event must be setup as type “2007 NFHS 1M 11-Diving P/S/F Format”

Note: Do not close the connection to the timing console before starting this procedure.

1. Complete scoring on rounds 1 through 8, and the move to Round 9 Diver 1.

2. From the **Run Meet Center** menu, choose **NFHS Finals Cut and Reorder**.

3. Confirm the number of places advancing to finals. If you are using a Master Event, this is the number of places advancing to finals for each individual event within the Master Event. When

ready, click the **Cut and Reorder** button.

**Finals Cut and Reorder**

This process will automatically cut and reorder the remaining divers for rounds 9 through 11. Do not use before completing round 8.

Boys 1M Diving - ME: 15 diver(s).

Place	Meet Order	Name (Team)	Score
1	30	Verdugo, Vince (BGH...)	241.20
2	29	Dorey, Damien (WHS)	217.95
2	28	Karpinski, Kurt (BGH...)	217.95
4	19	Biggs, Bryant (AMHS)	210.90
5	20	Jarrett, Jeff (WHS)	210.15
6	32	Leclair, Leigh (WHS)	206.10
7	26	Kleiber, Kristopher (B...)	198.75
8	21	Giambrone, Garfield (...)	197.70
9	24	Cowgill, Cristopher (...)	195.60
10	22	Reasor, Royal (WTZ)	193.80

Girls 1M Diving: 12 diver(s).

**Print these reports now as they are not available after you close this popup.**

**Print Revised Dive Order**

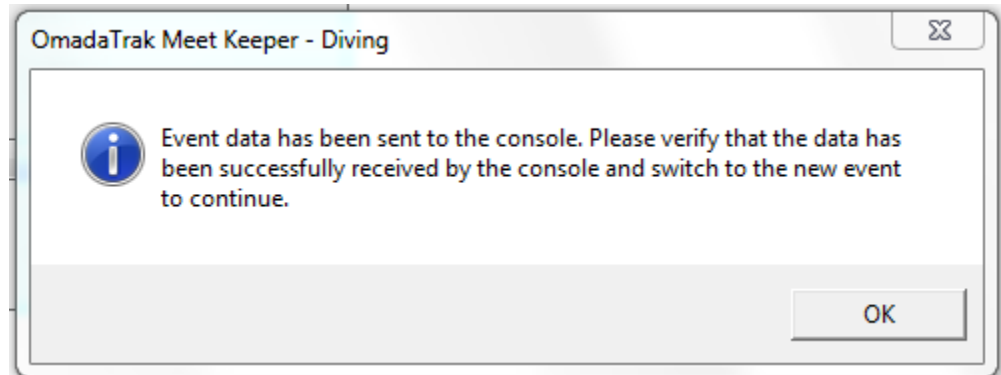

**Print Heat Sheet by Round**

**Send to Console**

**Close**

5. If you need to update a timing console, select the directions below for your timing console.
  - a. For CTS 6 v1.2 and higher:
    - i. On the CTS 6, return to the Choose Event screen (accessible from the Change Event button).
    - ii. Click the **Send to Console** button in MKD.
    - iii. Data will be automatically sent to the CTS 6. A message will appear on the CTS 6 screen during the transmission. At the conclusion of the transmission, the CTS 6

screen will momentarily display “New data has been stored”, and Meet Keeper will display:

- iv. Click **OK** to clear the message from Meet Keeper – Diving.
  - v. On the CTS 6, choose the new event just uploaded (it is usually the last one on the list, and will only have 3 rounds). Proceed using this event, for the final 3 rounds of diving, configuring any additional CTS settings (board, gender, judges), along the way. Click “Run Event” to resume the event in the CTS 6.
  - vi. NOTE: Rounds 9 – 11 will display as rounds 1 – 3 in the new event.
- b. For CTS 5:
- i. On the CTS 5, return to the Stored Data screen.
  - ii. Click the **Send to Console** button in MKD.
  - iii. When prompted, press the **Import Data** button on the CTS 5, followed by the **OK** button in Meet Keeper – Diving. Data will then be sent to the CTS 5.

- iv. At the conclusion of the transmission, the CTS 5 screen will display “Press Next Dive Key to Run Meet”, and Meet Keeper will display:

- v. On the CTS 5, press the Next Dive key to resume the new event. Proceed using this event, for the final 3 rounds of diving, configuring any additional CTS settings (board, gender, judges), along the way.
- vi. NOTE: Rounds 9 – 11 will display as rounds 1 – 3 in the new event.

c. For Daktronics Standalone:

- i. On the Dak console, be sure that memory areas C and D are empty. Consult your Daktronics manual if you are unclear on performing this procedure.
- ii. Click the **Send to Console** button in MKD.
- iii. After the process completes, the operator needs to switch memory area C. Make sure that memory area C is at Diver #1 Round #1.
- iv. NOTE: Rounds 9 – 11 will display as rounds 1-3 on the console.
- v. NOTE: Total Scores are reset to 0 on the console, so the totals for each diver will be incorrect on the console and/or scoreboard, but will be correct in Meet Keeper – Diving. This is a limitation of the Daktronics protocol, not our software.
- vi. NOTE: If the Finals contains more than 25 divers, divers 26 to 50 will appear in memory area D.

6. Click the **Close** button to return to the Run Meet center with the new dive order ready to go.
